We are specialists in the production and distribution of plastic products for transport, warehousing and logistics. As a competent partner, developer and service provider, we advise you on selecting the optimal product and work with you to create a concept for your specific requirements. Whether plastic containers, sheet steel containers or Euro containers, whether plastic pallets, hollow chamber panels or BMS - we support you in all phases of planning through to the finished solution. In VSI Kunststofftechnik you have a reliable contact person and get everything from a single source. Tailor-made packaging solutions for your individual logistics tasks

High-quality plastic solutions for Your individual requirements Our products are not only robust and durable, but also extremely versatile and easy to use. Our stacking containers enable you to store and transport your goods safely and in a space-saving manner. Our space saving containers offer even more space savings and are ideal for use in tight storage areas. Our folding boxes and folding boxes are particularly light and practical when it comes to transporting smaller or delicate

goods. Products
