For more than 60 years we have been manufacturing our porcelain collections in our own production facility. Our porcelain miniatures are the only ones of their kind to be manufactured in Germany. And we're famous for our attention to detail. During their manufacture our porcelain articles pass through the hands of as many as 17 skilled craftsmen: after casting, they are glazed, painted and then fired as many as three times to give them their characteristic Reutter look. It is this tradition of craftsmanship which won us friends all over the world.
