Anlagen

APPTThe first smartphone spare parts database will help you to digitally locate what you need.The Hauer app is easy to use and provides handy features, such as an integrated detective function.Download the Hauer app to your smartphone from these stores. Hauer keeps things moving, because that's our job. Service Professionals.Our motto is: access to your spare part in the shortest time possible. Time is a crucial factor – the faster our customers receive their order, the shorter the elevator down-time. A competitive advantage that truly pays off for you. Worldwide and overnight – we guarantee that Hauer customers receive their orders in the shortest time possible.Rapid delivery and efficient spare part identification are our service promise. Hence our telephone hotline – your direct contact with our experts. Our employees' years of experience helps to identify your specific spare part.

Or our traditional Hauer Catalogue with its logical structure – where you will instantly find what you need. If you prefer to search digitally, the Hauer app is the tool for you, as the ultimate spare parts database on and offline.Service and quality of the highest standard as well as uncompromising customer focus are our potential and your advantage. Every day, we set ourselves the challenge of keeping your visitor flows moving with every spare part, no matter how small. No down-time and no waiting – because with Hauer, you are always one step ahead.
