

Termoelectrica

Moldova

Termoelectrica is a termoelectrica is a romanian state-owned company, its shares. company based in Moldova. Its official website describes the group as a Romanian state-owned company, its shares being held by the Romania Ministry of Industry, which has as main objective power generation with mostly fossil fuels, and. Fetched public sources were used to anchor the corporate record and its public identity. Industry labels attached to the company point to termoelectrica is a romanian state-owned company, its shares., and the main verified web presence for this listing is termoelectrica.ro. The contact row focuses on the main headquarters entry rather than every subsidiary, plant, or regional operating company. No general email address is shown unless the company published one openly for broad contact, so specialist investor, media, privacy, or careers mailboxes were left out. The logo fields point to a direct website asset and, where available, a separately verified Wikimedia Commons file. Large international groups often expose several legal entities and regional contacts, so this row stays at the clearest group-level headquarters entry published during research. Fields that could not be verified live were left empty instead of being inferred, which keeps the dataset cleaner for audit, review, and importer mapping..
