COMET-Pumpen has been one of the leading manufacturers of products for caravans, campers and in leisure sectors in Europe.Our products are immersion pumps, outside pumps, self-priming membrane-pumps, plastic and brass fittings, lamps and spots, range/cooker extraction hoods and a comprehensive assortment of accessories. Through a process of continuos product development and their adaptation to the requirements of the market and using modern in production processes we are prepared for "tomorrows" challenge.

We don't put our success in the hands of chance. Our aim is to support our customers constructively and together with them find the best solutions. Quality is for us one of the most important factors.

The basis for this is the qualification and motivation of our colleagues and the DIN EN ISO 9001:2008 and DIN EN ISO 14001:2005.Products RV:Pumpssubmersible pumpsinline pumpsdiaphragm pumpsFittingsmade of brassmade of plasticAccessoriesVentilationWater supply systemCanistersCanister DIN 96Canister DIN 51Canister DIN 61Special canisterMobile water supplyAccessoriesWashbasinWashbasinsWash-bowlZubehör
