Since the company was established in the mid 1980s, ELVEDI has used only high quality materials. These are carefully processed by experienced staff. Our storage systems are therefore extremely robust and stable and stand out with their long service life. As such, we guarantee a high standard of industrial safety in your storage areas and low costs in the product life cycle. The TÜV seal and the GS mark are testament to our high quality standards. To maintain this high standard, our production is checked at regular intervals by the TÜV. Products Cantilever Racking Pallet Racking Vertical Storage Shelving Racks Racking Inspection We have a close-knit network of sales consultants throughout Europe so we can provide fast and competent advice. Whether you are planning a new building, a conversion or an adaptation of the changed material flow, benefit from the expertise of our trained and experienced consultants.
