With its versatile, state-of-the-art and efficient manufacturing capabilities, high flexibility, well-trained team and many years of expertise, BLECHTECH AG offers you the opportunity to procure sheet metal products and assemblies in a high value chain from a single source. As a full-service provider, our services range from consultations, finding solutions, development, production and surface treatments to, and including, logistics - the complete service package under one roof. INDUSTRY

MEM INDUSTRY SHEET METAL PROCESSING RAIL VEHICLE CONSTRUCTION We produce individual solutions for all industry sectors. The broad spectrum includes mechanical engineering, the chemical industry, food industry, plastics industry, rail vehicle construction and other sectors. Our advisers take the time to work with you and flesh out your needs; our designers and industrial engineers turn your ideas into producible products.

We manufacture components or entire installations by taking into account the individual requirements of the respective industry. If necessary, we adapt our production to accommodate individual requirements to achieve this. We also guarantee to deliver on schedule, which ensures the complete reliability of your production processes. You will also appreciate the advantages of our in-house

surface finishing service and our experience in this area.

#### ADVERTISING TECHNOLOGY

POSEXHIB. STAND CONSTRUCTIONSIGNAGEWe cater for various areas with our advertising technology services. From brochure stands to showcases, display cabinets and neon signs, together with our customers, we design sophisticated products that must exemplify a superior design and quality of material.

Our design specialists will support you in the planning, visualisation and technical realisation of your individual wishes and requirements.

#### MANUFACTURING SERVICES

2D AND 3D LASER CUTTINGPUNCHINGWATER JET CUTTINGFORMINGWELDING2D AND 3D LASER WELDINGFINISHBONDINGASSEMBLYCOATINGSWith its versatile and efficient manufacturing capabilities, BLECHTECH AG offers a high and flexible capacity for demanding deadlines, from individual parts to the entire assembly with mounting components.

With our modern and versatile machinery, we can cater for different requirements with short lead times.

The integrated and fully automated sheet metal warehouse at BLECHTECH AG has 180 storage areas for large parts and stocks a wide range of raw materials, which helps us keep delivery times low.

#### SERVICES

CONSULTATIONSOLUTIONSSPECIAL SOLUTIONSDESIGNPRODUCTIONLOGISTICSThe services offered by BLECHTECH AG are based on the five phases of consultation, solution/special solutions, design, production and logistics. These form the basis on which you can successfully realise your products.

Specialists are there to support you throughout all five phases, providing assistance and developing the respectively suitable approaches for your request. They ensure a seamless transition to the next production step.
