Innovative solutions for customer needs. Sealants and adhesives for construction and industrial applications.merz+benteli AG offers sealants and adhesives based on environmentally friendly, solvent-free technology, some of which consists of up to 70% renewable raw materials. This means that our products and services are of the highest quality, made in Switzerland.
Private LabelYour brand, our technologyAdhesives and sealants of merz+benteli as private label under your own brand. merz+benteli offers a large selection of adhesives and sealants for all construction and industrial applications in certified quality, under your own label.Thanks to many years of proven experience in the research, development and filling of high-quality SMP adhesives and sealants, we make our technology available to your brand so that you can sell the highest Swiss quality and reliability as private label under your

brand. ProductsGomastitMerbenitCementitAccessories
Gomastit
Sealants and adhesives for all applications in construction. Gomastit has the right sealing and adhesive solution for every task. Machines and buildings, components and complete systems, made of traditional and modern materials - everything is in motion. And wherever something moves, elasticity is required for sealing and

bonding. Merbenit
Adhesives and sealants for industry, transportation and marine applications.

Merbenit is the brand for industrial adhesives and sealants and contains only advanced SMP technology. Merbenit combines high strength and elasticity, superior adhesion spectrum and maximum environmental compatibility. The Merbenit product range includes a wide range of universal, special, one and two component products. Innovation from traditionAdhesives and sealants from the Swiss manufacturerSustainability by convictionSMP technology and its advantages
Your brand, our technology
merz+benteli offers a large range of sealants and elastic adhesives - as a private label - in corporate design and under the brand name of product range suppliers.
